

Evangelism in Chingazo Alto Community

Above is a picture of the Peniel Theological Seminary Guayaquil Extension evangelism team who made a special trip to the Chingazo Alto community near the city of Riobamba in December 2024. Four hundred people live in the community and over 300 came out for the special event. Our thanks to Pastor Alejandro Guacho for making contact with the president of the community and arranging for the visit.

Damaso and Maria Francisco are our missionaries at Peniel Theological Seminary in Riobamba and Guayaquil, Ecuador.

We gave everyone bags of candy, and the elderly received food items. These gifts were the contribution of the Guayaquil extension seminary students. Before giving away the gifts, Damaso preached the evangelistic message, and then students shared individually person to person. We thank the Lord for the attentive response of the audience. Our team also played games with the children and taught them Bible stories. After the outdoor message, all the students did personal evangelism to explain the gospel in more detail. Some team members were new evangelism students and came on the trip for the first time. It was exciting seeing them sharing Christ with the lost individuals. Other team members already knew how to approach strangers and explain the plan of salvation. This was an excellent teaching experience and good modeling by experienced team members.

Brother Enrique presenting the plan of salvation and teaching the new students how to share the Gospel.

Adriana and Mayra praying for people who believed in Christ as their personal savior.

Ana Cachupud explaining the plan of salvation to a lady who believed in Christ as her personal savior.

Jorge and Elsa explaining the gospel to people listening attentively.

We give thanks to our Lord for the opportunity to share the message of salvation with the people in the Chingazo Alto community. Some heard the gospel for the first time, and some were sympathetic to the Gospel. According to the testimony of the students, all the people were very attentive to the message. They invited us to return and explain in more depth the love of God. We returned to Guayaquil very encouraged with plans to return once again to the community and evangelize house to house. When people are responsive, the students are also very interested in returning and completing the work.

Thank you brothers for your prayers, and thank you to Abide in Christ for the encouragement you give to us.
